

Get Outside This Summer with
Cope Environmental Center

Grab your sense of adventure and join our team of naturalists for muddy shoes, exploring trails, and making new friends. Programs are filled with hands-on activities designed to inspire a love of nature and foster a connection to our natural world. Enroll today - Your adventure awaits!

Registration Details

June Camps: Half day and full day camps will be offered as a virtual, online learning experience. Choose the camp of your choice from our schedule. Once you pay for the camp, you will be mailed a "camp-in-a-box" kit as well as emailed a link for the virtual part of camp. We will take you on hikes, have discussions and group activities, and guide you through experiments and activities using the materials sent to you in your camp kit box.

July Camps: Campers in July programs will have the option of participation virtually or onsite (we will evaluate onsite plans in mid June). On-site camps will be limited to 10 campers. Campers will need to wear masks and practice social distancing. Hands-on materials will not be shared or will be disinfected between campers. Disinfecting will be thorough and frequent of all spaces used by campers. Virtual campers receive a camp kit and links to participate simultaneously via online links.

While we hope we can all be together for camp at CEC, we want you to know that camp will happen. So, start planning your summer and sign up now!

Camp Fees:	Half Day	Full Day
Member:	\$60	\$120
Non Member:	\$70	\$140

Register online at: <https://www.copeenvironmental.org/programs/summer-programs/>

Register over the phone: 765.855.3188

***Camp Scholarships are available and are need-based.

***A discount will be given for multiple registrations from the same household.

WILDERNESS SURVIVAL

July 20 - 24 9:00 am - 3:00 pm 7th - 12th grade
Do you have what it takes to survive? Develop your shelter building, edible plant identification, and basic survival skills. Campers will also participate in challenges to build leadership and teamwork skills.

ART OF NATURE

June 8 - 12 1:00 pm - 4:00 pm 4th - 6th grade
Awaken your inner artist and gather inspiration from the world around you! Paint with mud, weave with grass, and turn trash into recycled art! Plan to get down and dirty crafting in nature!

BACKYARD BIOLOGISTS

June 8 - 12 9:00 am - Noon 4th - 6th grade
Did you know your backyard is teeming with wildlife? Discover the insects, birds, flowers, trees, and wildlife that are all around us. Be ready to explore the micro-environments that surround CEC.

CONSERVATION CAMP

July 6 - 10 9:00 am - 3:00 pm 4th - 6th grade
Want to be a part of CEC's most popular summer camp? Tie-dyeing with natural dyes, participating in our famous "Fear Factor" race, and cooking with a solar cooker are just a few of the fun things we have planned for this week!

ECO SUPERHEROES

June 29 - July 3 9:00 am - Noon 1st - 3rd grade
Which insect has the greatest superpower - the bee that makes honey or the spider that spins a web? Why do bats and owls have super vision? Who runs the fastest? Do you have a superpower?

WILD ABOUT ART

June 29 - July 3 1:00 pm - 4:00 pm 1st - 3rd grade
Explore the habitats of CEC and find inspiration from nature. Create your own masterpieces out of natural materials and recycled items. Plan to get down and dirty crafting in nature!

OFF THE GRID

July 27 - 31 9:00 am - Noon 1st - 3rd grade
Are you interested in sustainability? Learn about conservation practices and how to use less natural resources in everyday life. Cook with the sun, garden with butterflies, and reduce waste headed to the landfill.

WHO LIVES IN THE FOREST?

July 27 - 31 1:00 pm - 4:00 pm 1st - 3rd grade
Explore the woodland habitat around CEC and learn about the animals that call Indiana forests home. Meet some animal friends to discover their symbiotic relationships with other animals and their natural environment.

DIGGING INTO DIRT

June 15 - 19 9:00 am - Noon 1st - 3rd grade
The world underneath our feet is a host to many creatures and provides us with food to eat. Come learn how humans would starve without soil and how to grow a green thumb! Plant a snack to eat!

AQUA ADVENTURES

June 15 - 19 1:00 pm - 4:00 pm 1st - 3rd grade
Spend the week splashing in the wetlands, catching (and releasing) frogs, and discovering macroinvertebrates all while learning the importance of water for all forms of life. Beware: You will get wet!

NATURE BUDDIES

June 22 - 26 9:00 am - Noon prek - K
This camp is for the littlest explorers ready for adventures in nature. Discover worms, salamanders, tadpoles, and more! Learn about lifecycles and how plants grow.

SALAMANDER SAFARI

June 22 - 26 1:00 pm - 4:00 pm prek - K
Take a walk on the wild side. What will we find? Salamanders, caterpillars, and toads - OH my! Learn all about the fun little critters that fit in our hands.

PUDDLE STOMPERS

July 13 - 17 9:00 am - Noon prek - K
A little mud and water add to the fun as we explore the habitats of CEC. Hop like frogs and get down & dirty in nature.

CRAFTY CATERPILLARS

July 13 - 17 1:00 pm - 4:00 pm prek - K
The great outdoors is nature's masterpiece. Explore CEC's trails and make your own masterpieces with cool finds from hikes.

** Campers will need to supply their own face mask, reusable water bottles, and environmentally friendly snacks for on-site programs.
